Draft Notes of May 26 2016 Tower Standard All Parties Meeting.docx

Hi Larry,

I would like to set up a conference call sometime next week with the senior managers (you, myself, and John Robinson) to discuss progress at the Tower Standard site. My staff have indicated that there are a number of issues that have come up recently dealing with communication. I would like to see if the senior managers could bring everyone back together to the common goal of getting the site cleaned up. To that end, I thought it was important to revisit what our goals and plans were back when we all met in Woodruff, WI on May 26, 2016. I asked my staff to pull together their notes from that meeting. Please see the attached sign in sheet, meeting notes and draft schedule from that meeting. Could you give me your feedback and comments to those notes by Tuesday or Wednesday of next week?

I look forward to talking with you early next week.

Best regards,

Michael Harris

Hi Larry,

I have a meeting schedule for this afternoon with Sherry. We still need to schedule a meeting with Erik and should be able to meet with him sometime next week. I will get back to you as soon as we meet with him. Are you planning on attending the call scheduled for tomorrow morning?
